

I Gede Arthur Saka Dewantara

0881-0371-54598 arthursakaa16@gmail.com arthursaka-portfolio.vercel.app

Professional Summary

Computer Science undergraduate at BINUS University @Malang focusing on Full-Stack Development (Front-End and Back-End) and Software Engineering. Through academic and independent application projects, I have hands-on experience in structured programming, relational database design, and building user-friendly web interfaces. Eager to learn quickly and collaborate with an engineering team, I am seeking a Full-Stack Developer Internship to contribute to practical, reliable software products.

Education

B.Comp.Sc. in Computer Science — BINUS University @Malang **2024 - Present**
Science & Mathematics (MIPA) — SMAK Kesuma Mataram **2021 - 2024**

Experience

2025 – Present | Full-Stack Project Developer (Academic & Independent Projects)

- Engineered **FitnessVals**, a dual-backend gym platform pairing Laravel 12 domain logic with Go services and WebSockets for real-time workout telemetry.
- Built and deployed **EduBot**, architecting a 3-tier Express.js and MySQL API integrated with a Flask ML service and JWT-secured teacher portal.

Projects

FitnessVals Ecosystem (Laravel 12, Go, WebSockets, Tailwind CSS v4)
Dual-backend fitness management platform pairing Laravel for membership workflows and admin analytics with Go for real-time workout metrics and WebSocket event broadcasting.

EduBot: Learning Analyzer (Express.js, MySQL, Python, Flask, scikit-learn, Chart.js)
Machine learning web app classifying student VAK learning styles with a JWT teacher portal.

Debouquets E-Commerce (Laravel, PHP, MySQL, Tailwind CSS)
Online floral boutique store featuring dynamic product filtering, shopping cart, customer order tracking portal, and an admin verification dashboard.

Interactive Web Portfolio (Next.js, React, TypeScript, Tailwind CSS)
Interactive retro 8-bit developer portfolio showcasing project architecture, live demos, and verified credentials.

Skills

Soft Skills: Problem Solving, Team Collaboration, Communication, Time Management, Adaptability.
Hard Skills: TypeScript, JavaScript, PHP, Go, Python, React, Next.js, Laravel, Express.js, MySQL, PostgreSQL, Tailwind CSS, REST APIs, WebSockets, Git, Postman, Docker.

Certifications

- SpecialSkill Indonesia — UI/UX Design Webinar Completion
- BINUS University (Beelingua) — Professional Office (V2) — English CEFR C1.2
